THE TRUE SIZE OF AFRICA

The continent is bigger than the USA, UK, Japan, China, India and the whole of Europe. All combined. No wonder there's so much potential...

Conflict on the continent

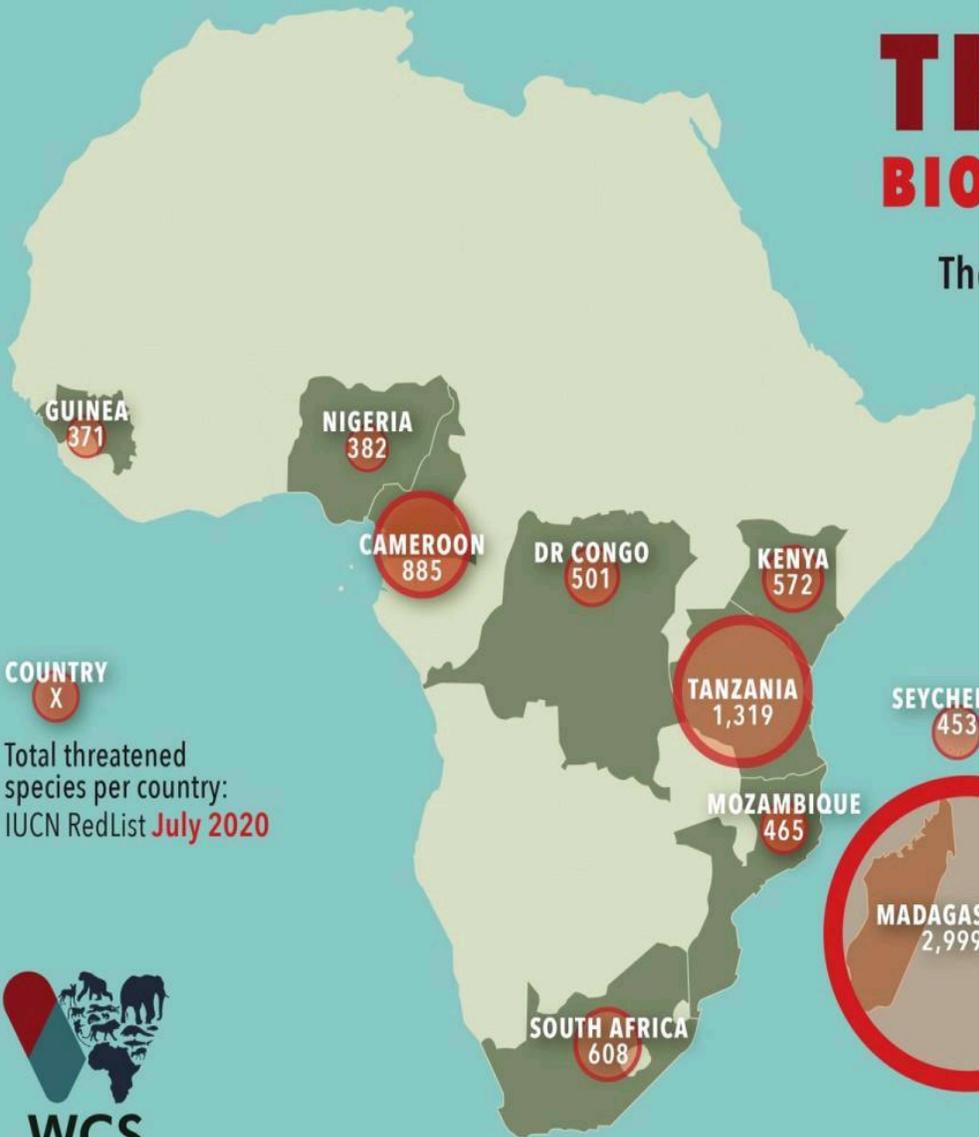

Africa is the Last Home for Mega Fauna

THREATENED BIODIVERSITY IN AFRICA

The 10 African countries home to the most Critically Endangered, Endangered and Vulnerable species on the continent

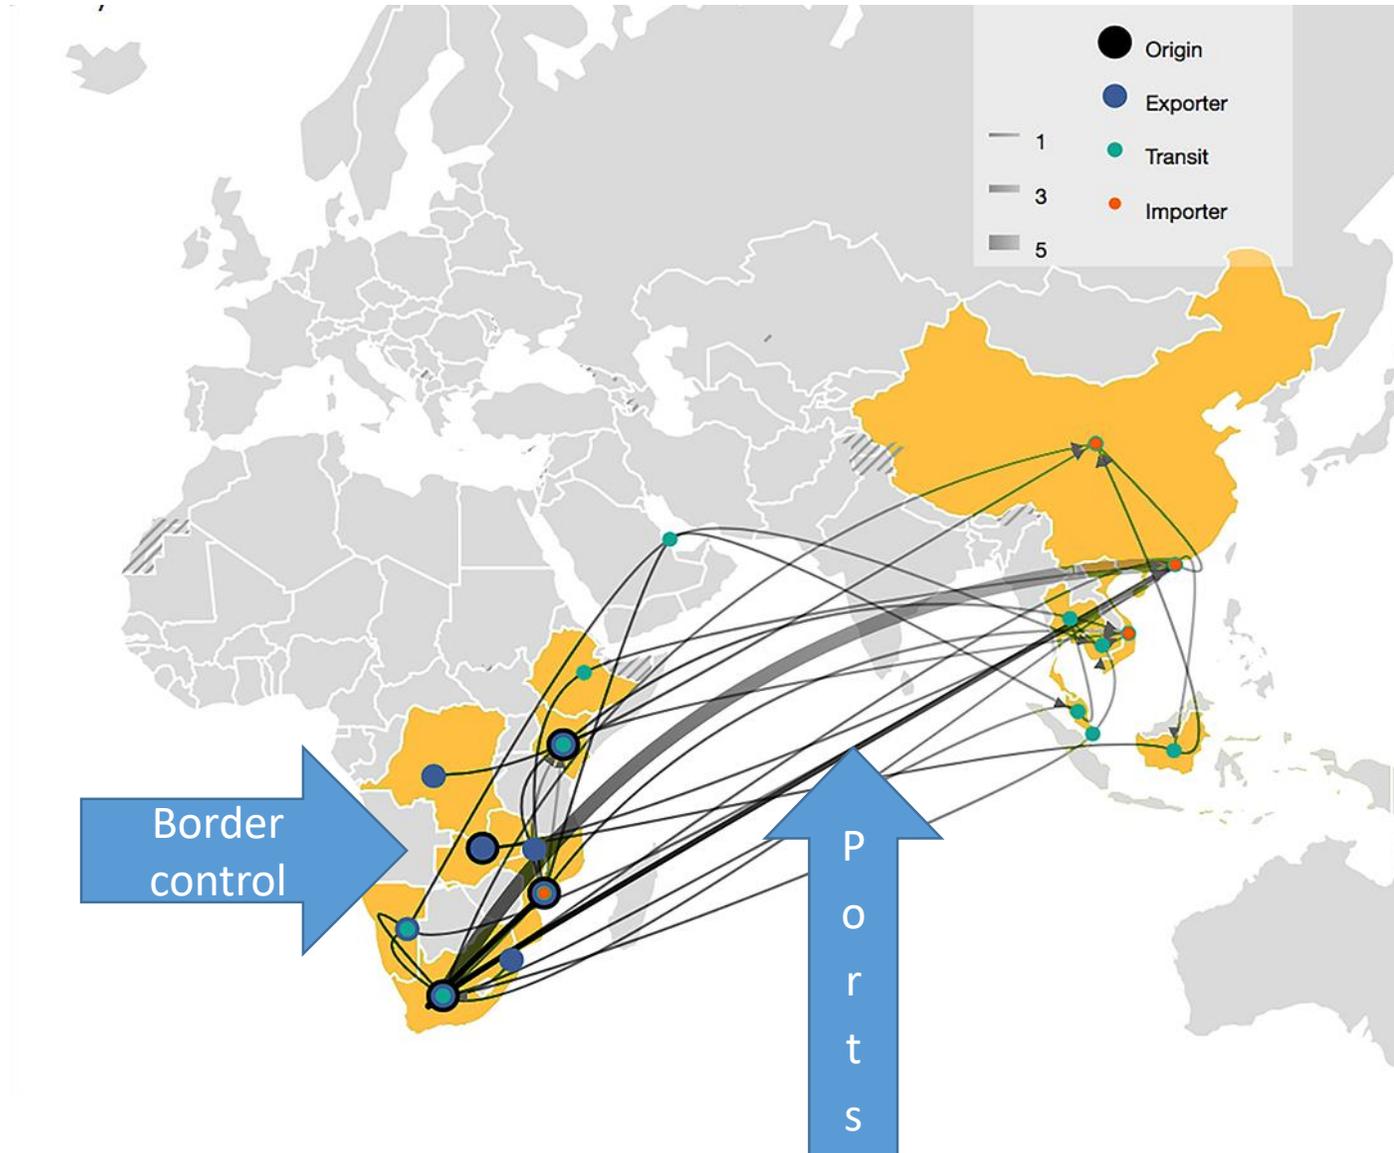

COUNTRY
X

Total threatened species per country:
IUCN RedList July 2020

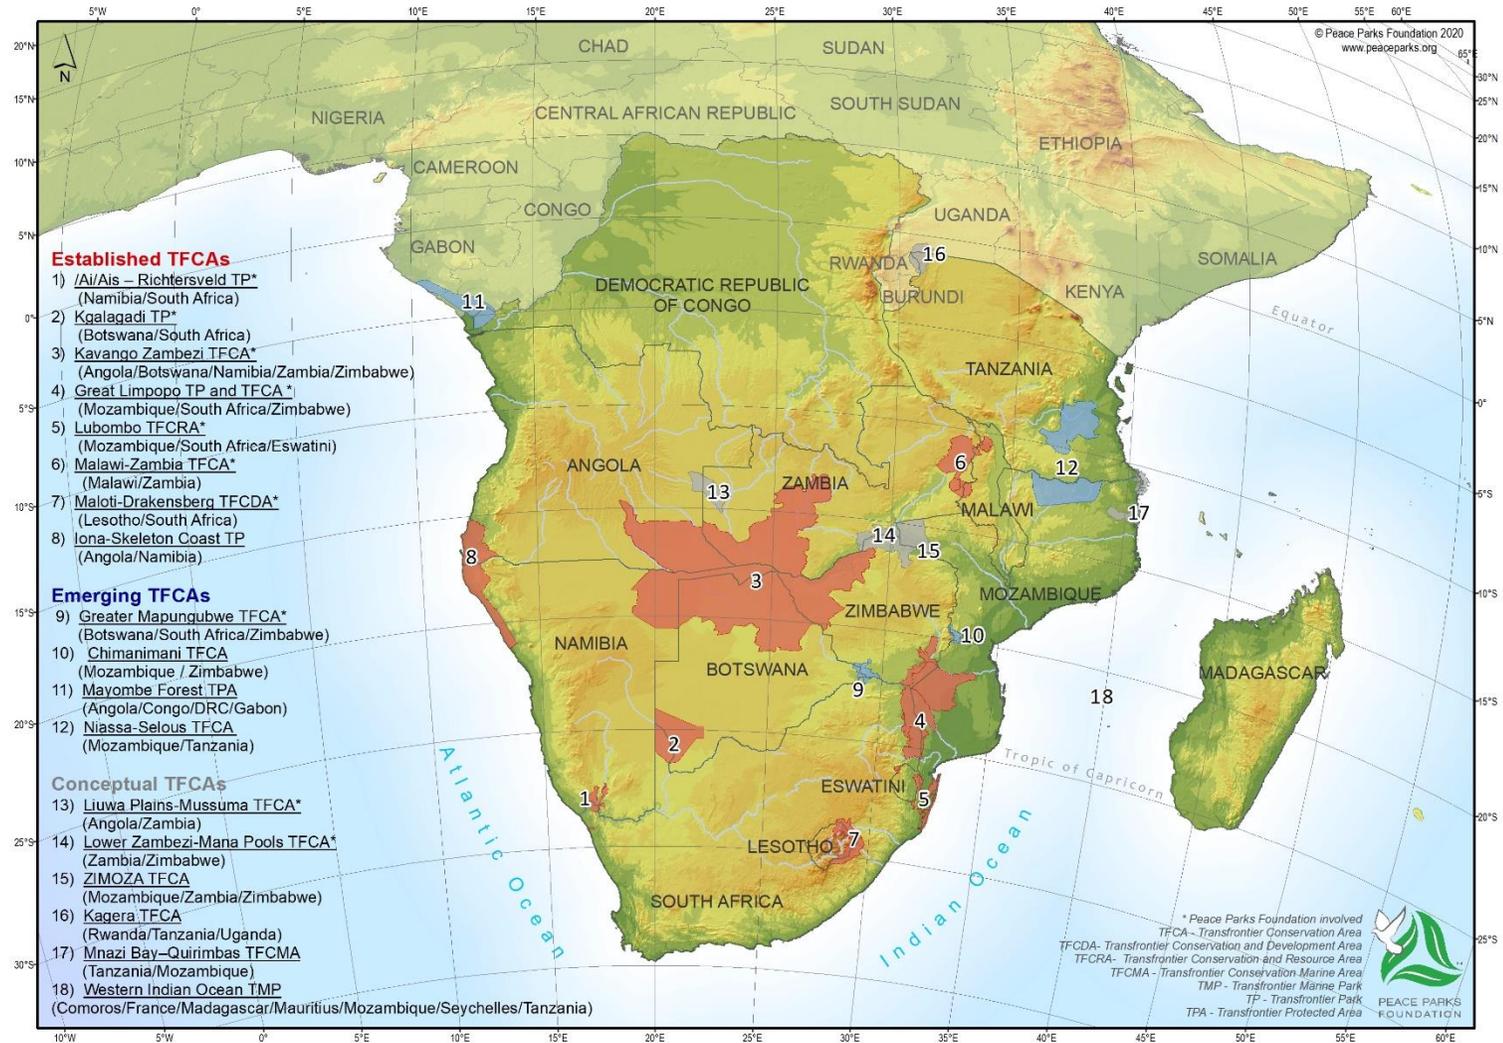

- 1 MADAGASCAR
- 2 TANZANIA
- 3 CAMEROON
- 4 SOUTH AFRICA
- 5 KENYA
- 6 DR CONGO
- 7 MOZAMBIQUE
- 8 SEYCHELLES
- 9 NIGERIA
- 10 GUINEA

Smuggling routes

One solution

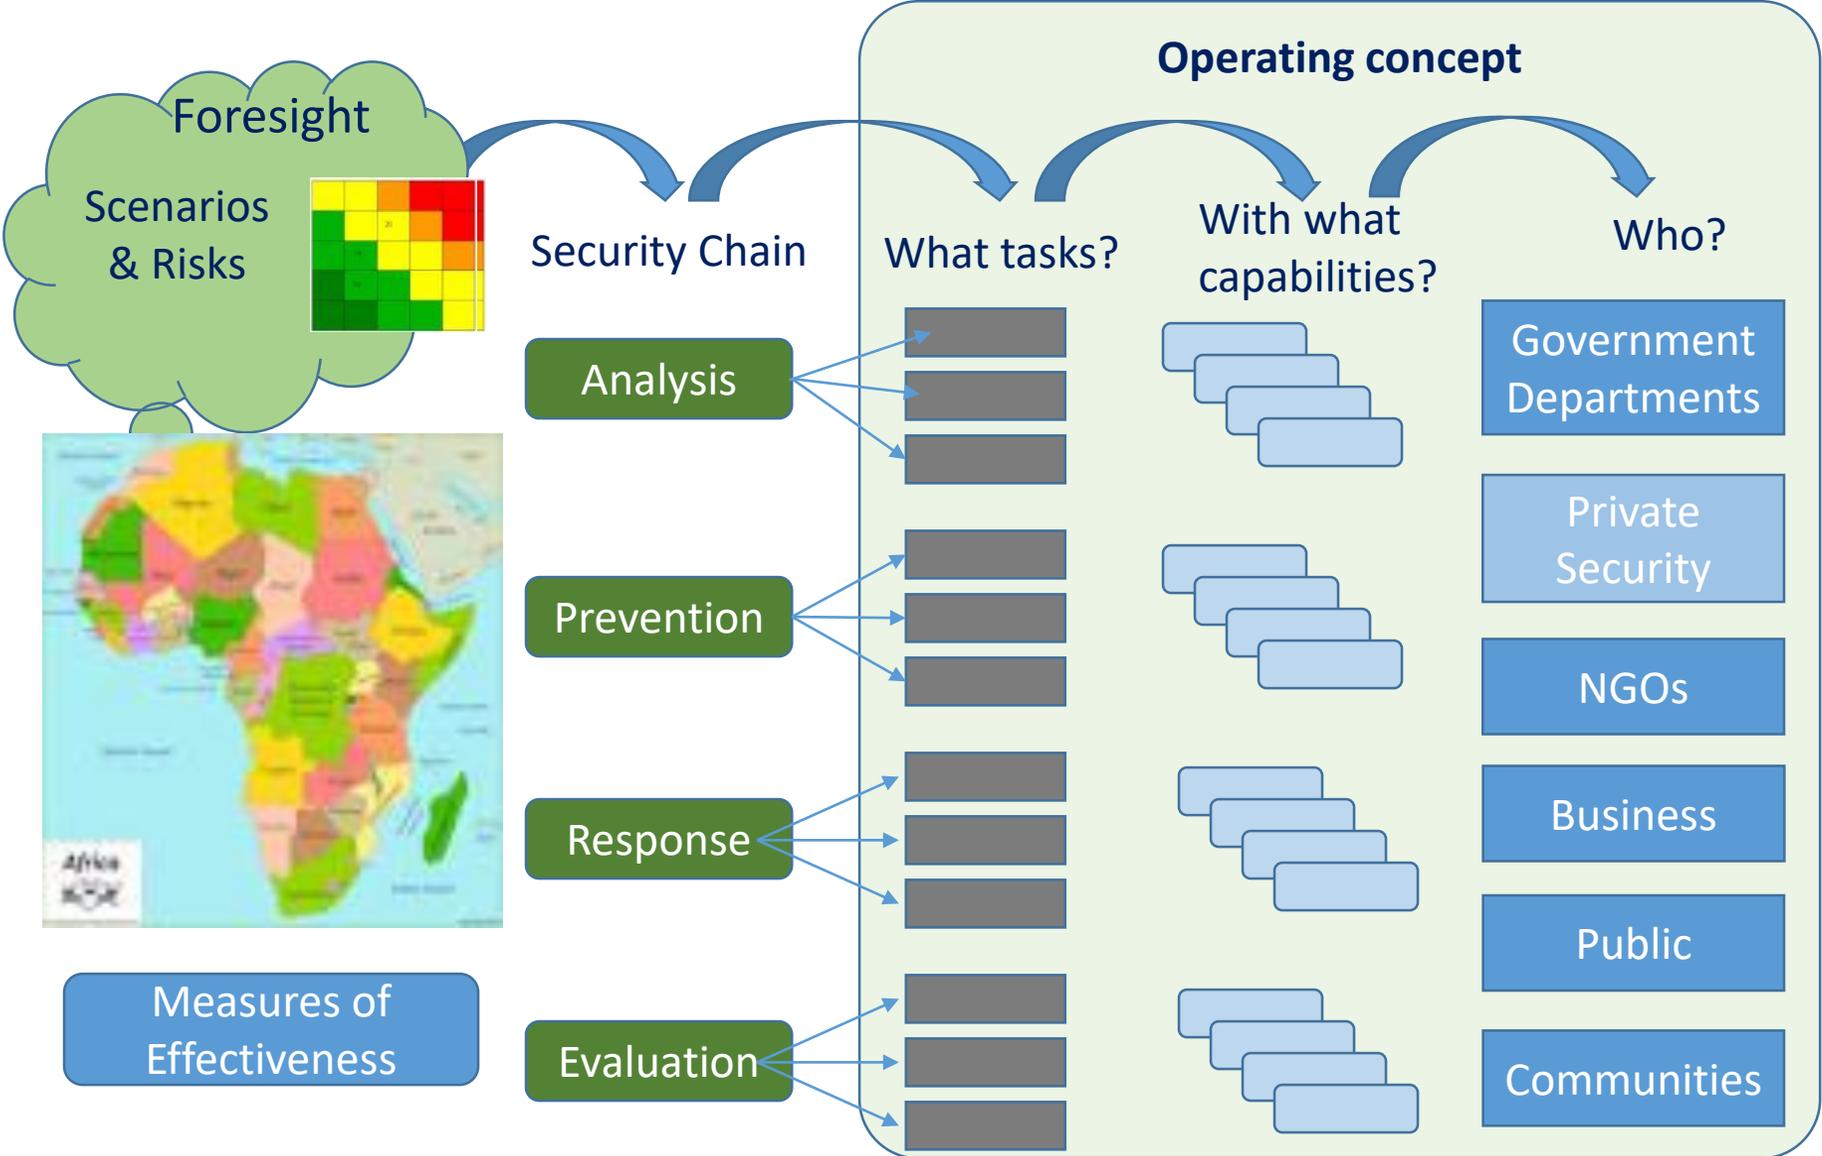

Common ground

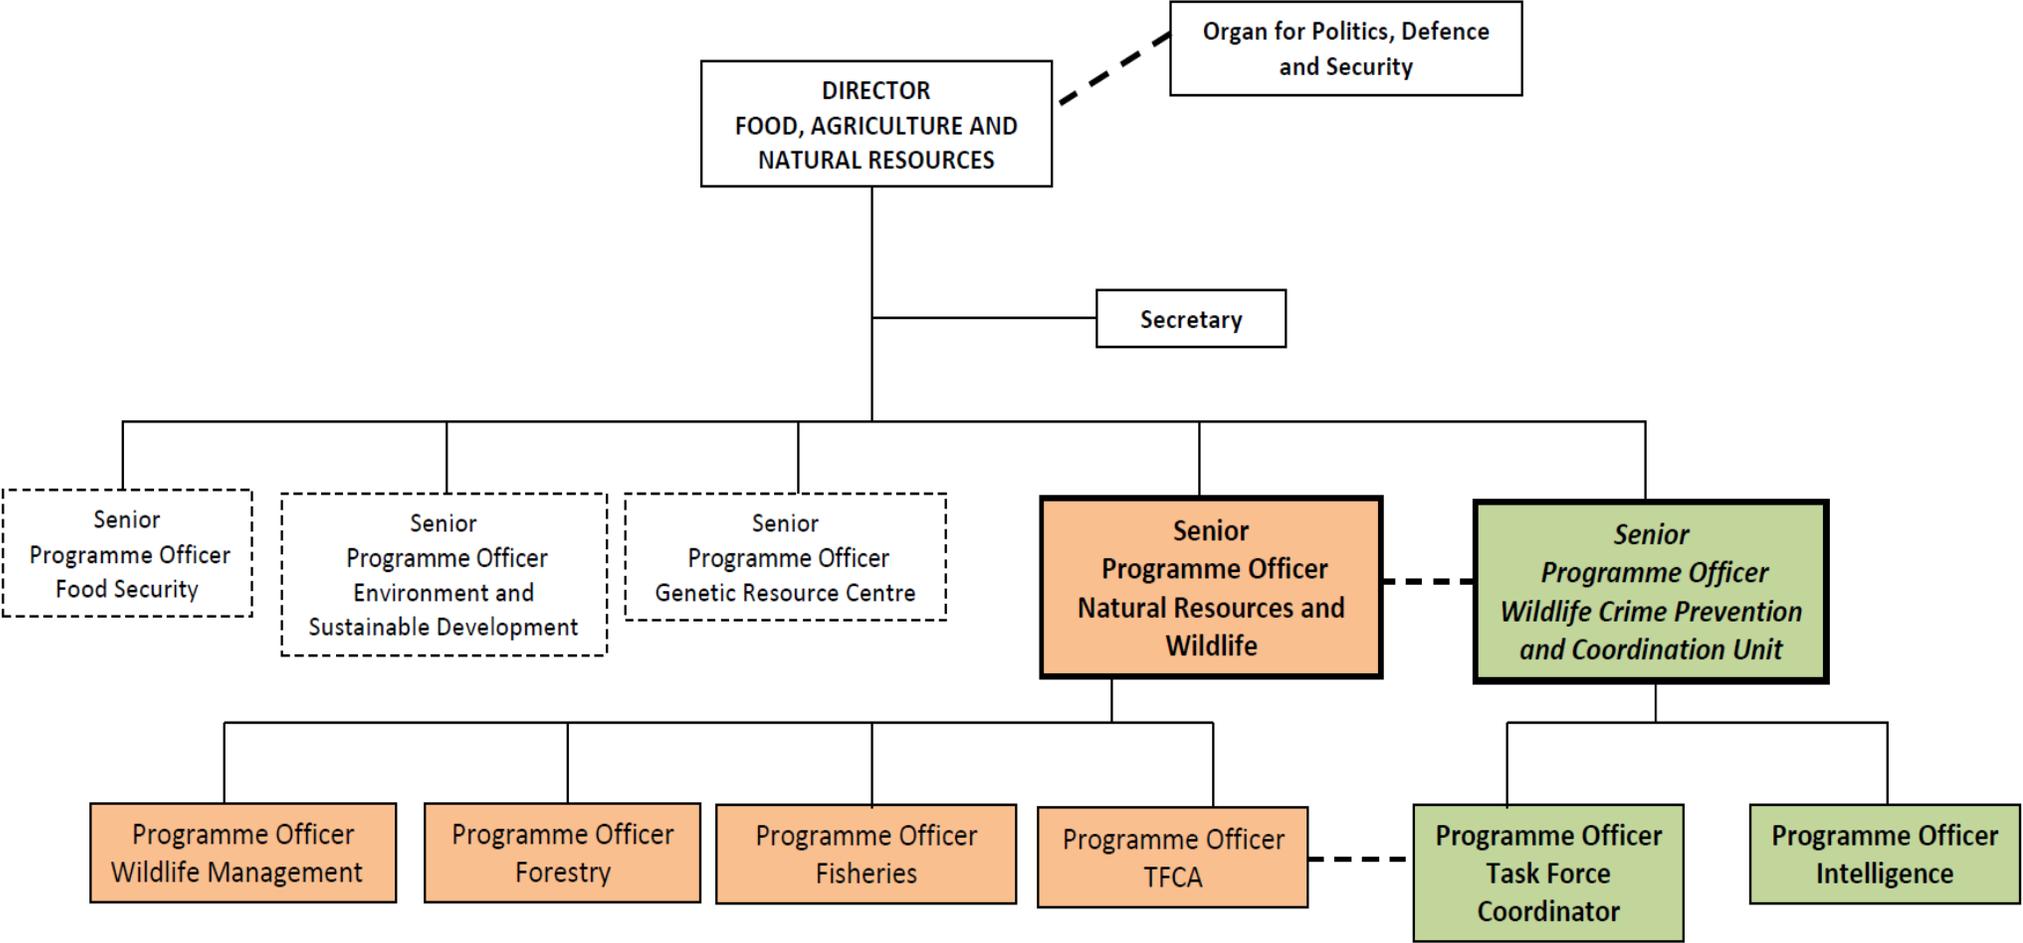

Signing of the GLTP Treaty on 9 December 2002

Whole-of- continent Approach

Formal structures – (AU)

Informal structures

NGO's

Communities

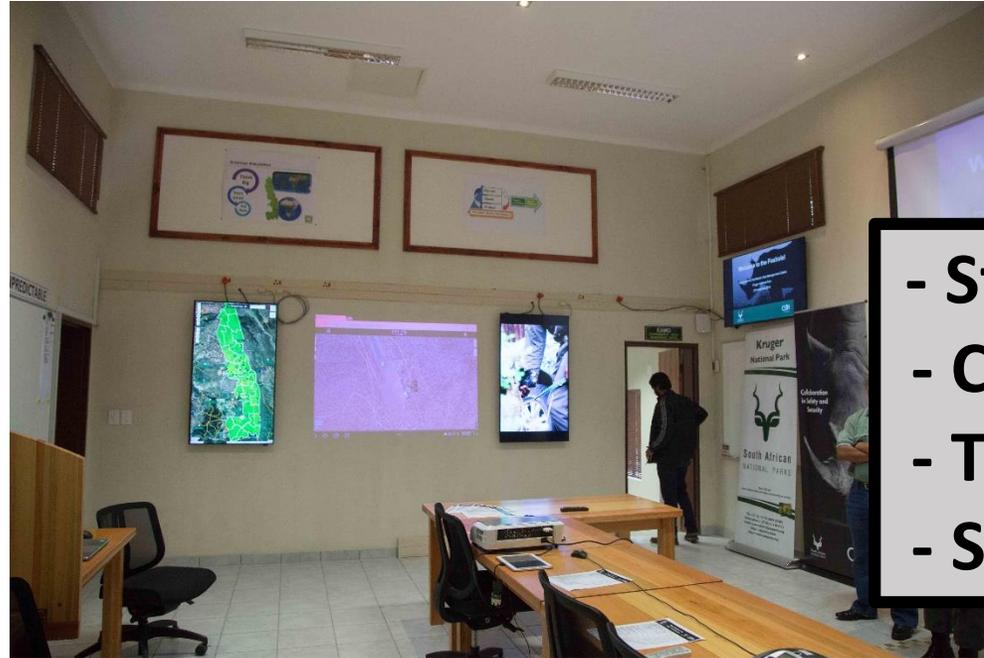

Private owners

Industry

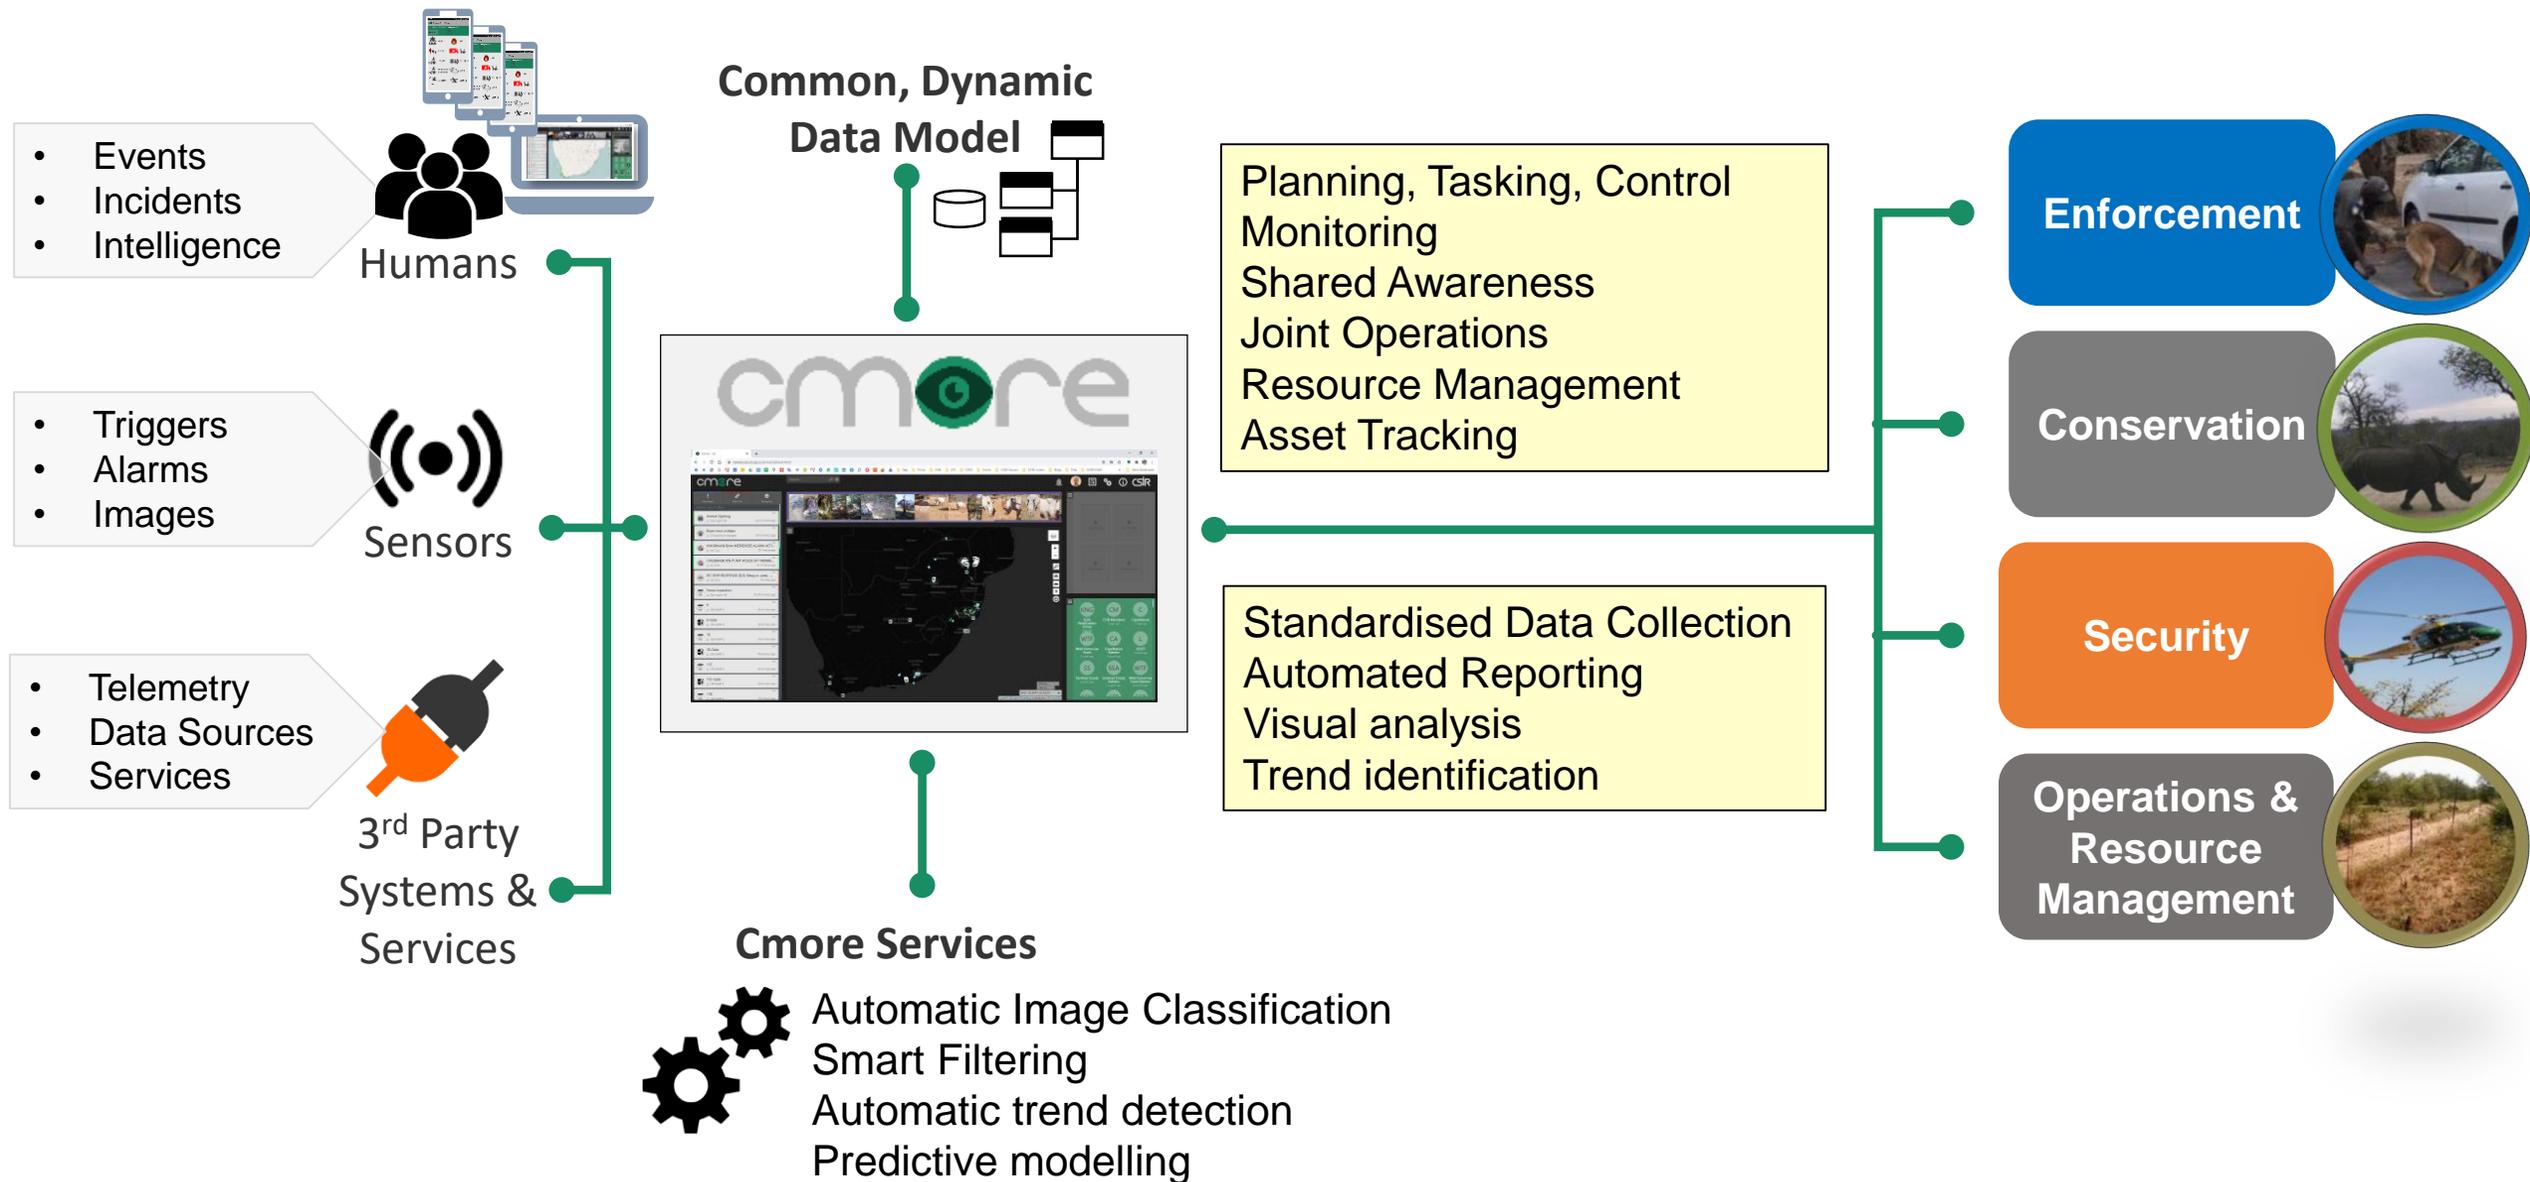

If you want to run fast, you run alone. To run far you run together

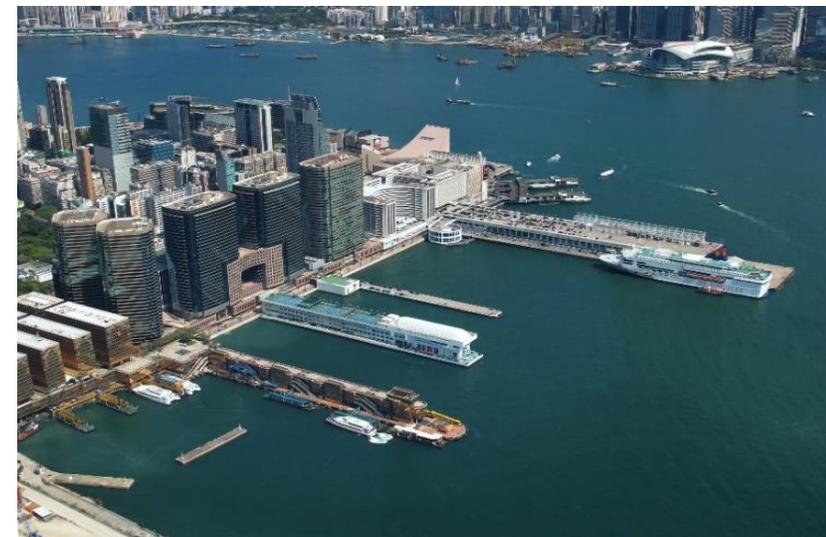

- Strategy
- CONOPS
- TOR
- SOP's

Situational awareness

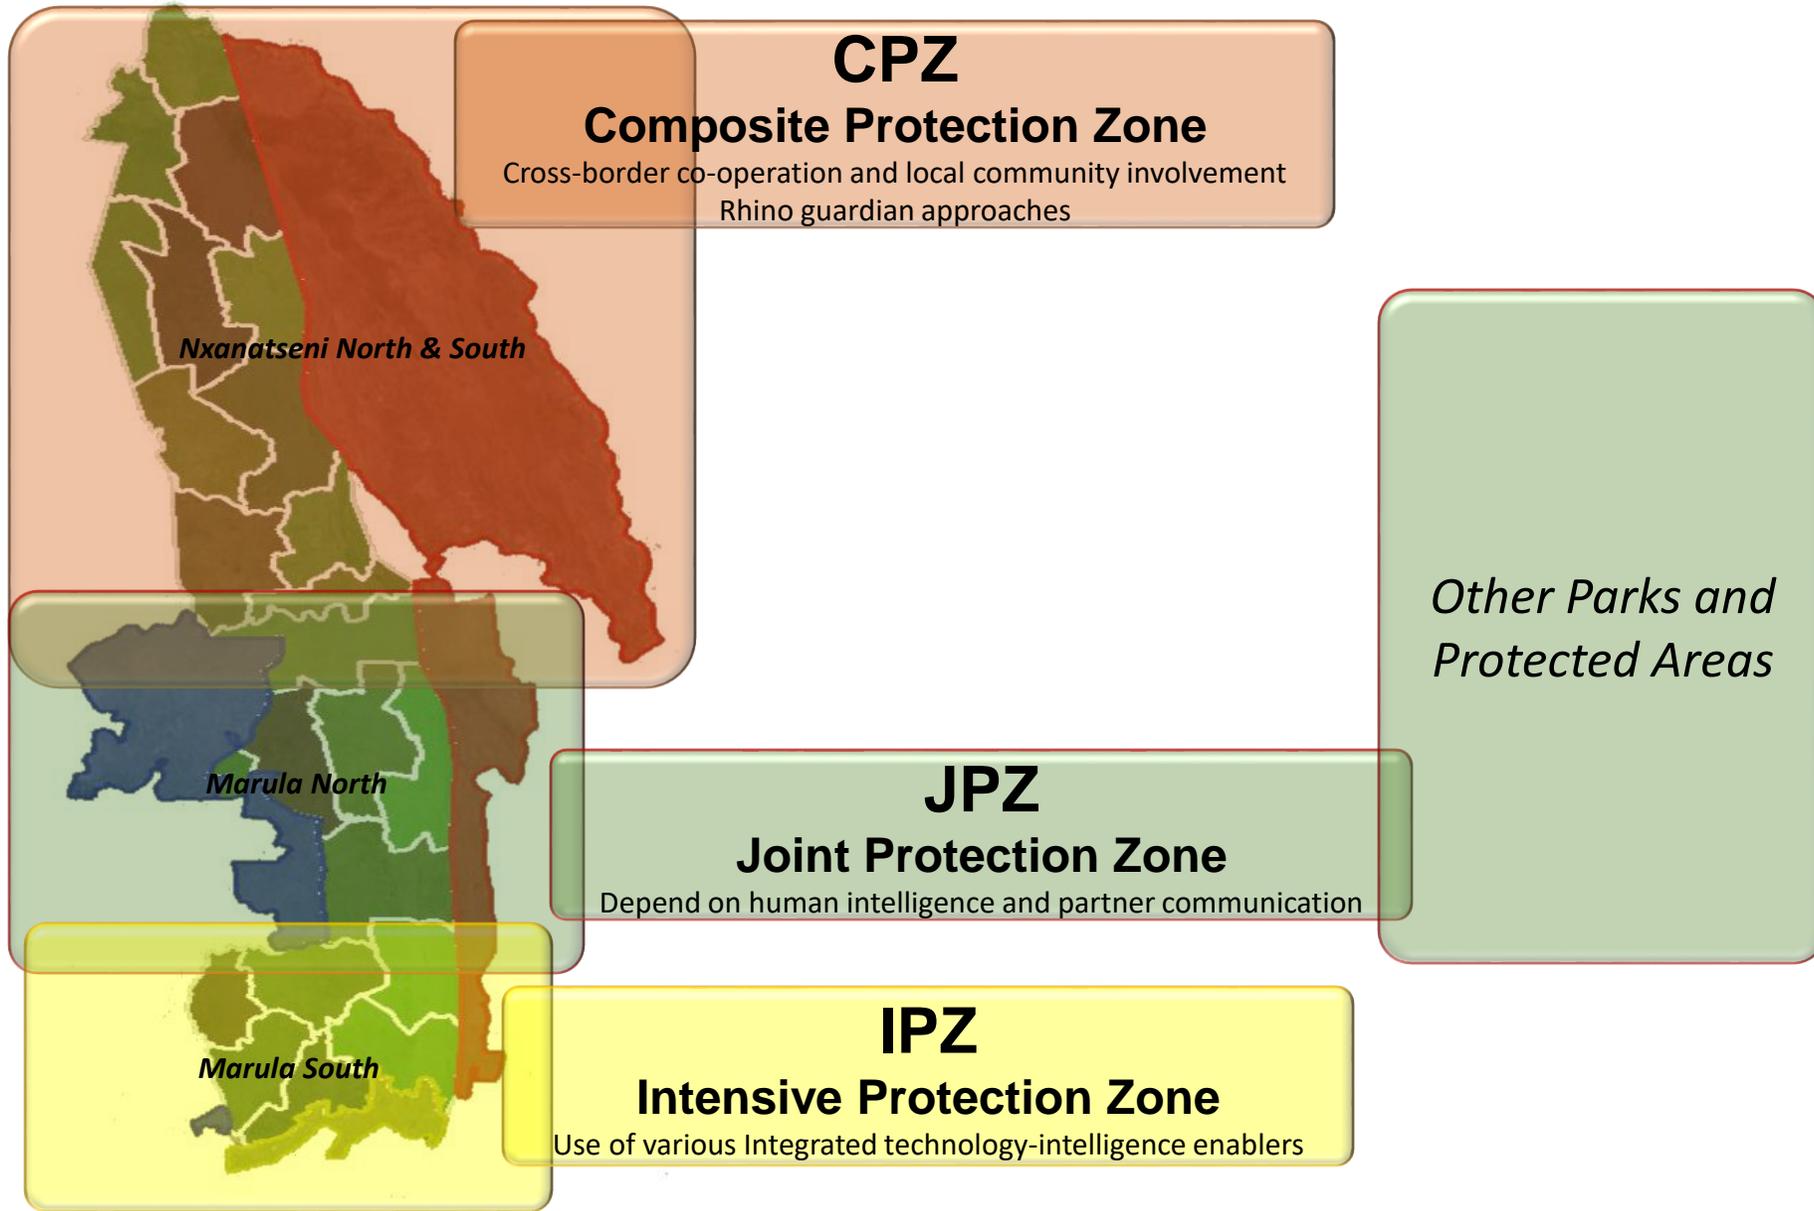

Ports of entry/exit

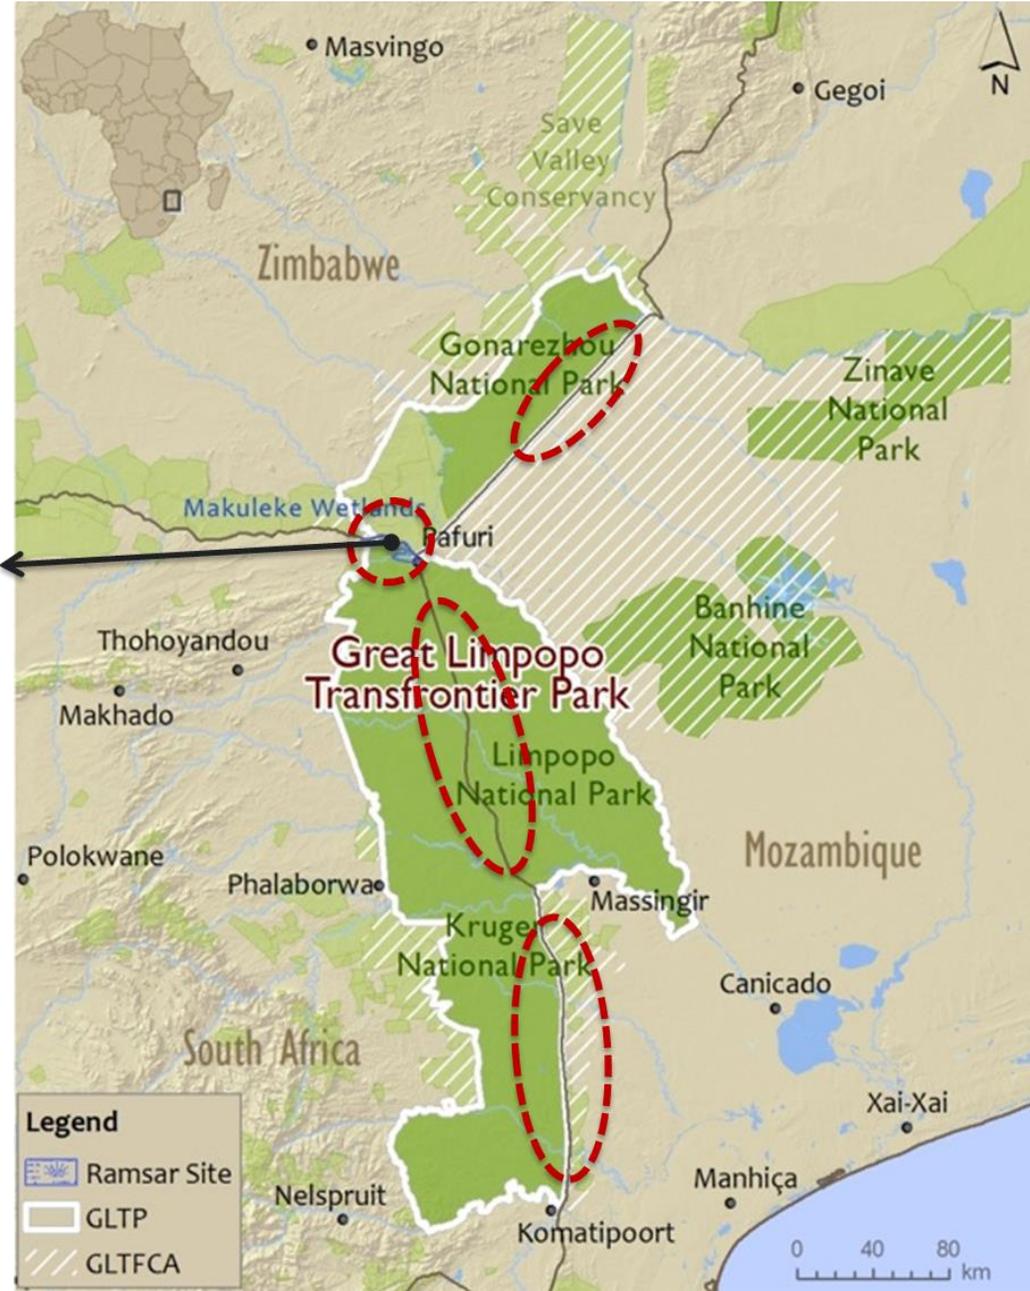

Technology ??

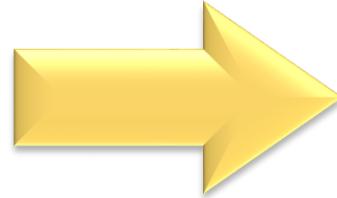

Taking Care of the Estate

Alliances

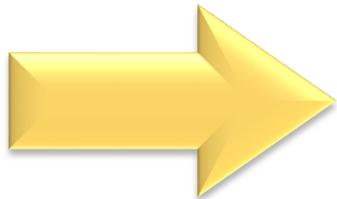

Mozambique – A New Paradigm

PREVIOUSLY:

- > Shoot
- > Fence (*keep them out*)
- > Hot Pursuit

NOW:

- > Rules of Engagement
- > Move the Fence
- > Joint Cross-Border Operations

Ranger empowerment and wellness

Inter operability – all levels

Lessons learnt

Rhinos best friend – another animal

Technology make things possible, people make it happen

Knowledgeable buyers

It is not as simple as “either – or”

THANK YOU!

Thank You
